Mrs Lewis L. Chapman
Smithfield, Va.

Dear Mrs Chapman:

Mrs Hedden thinks you may be able to keep me with my worst family problem. My mother's family of Bullard. They landed in Caroline and King Geo's some time before 1787. The only member of that family that I know a thing about is my gr. gr. grandfather Reuben Bullard who married Fanny Davis in King Geo 1. January 1787. His will is in Frederickburg 1797. I know all of his descendants, but beyond him nothing. I left that one of the witnesses to his will was named Ambrose Bullard. Possibly a brother. There was an Ambrose Bullard who made will in Spotsylvania 1756. He married Betty Woolf. but that is absolutely all I can find relating to the name in Spotsylvania Caroline or King George. I left from an obscure source I have the name.

of a Reuben Bullard who was
a Red Soldier and died in Caroline
Co. somewhere about 1788. As he would
be too young for my gr. gr. grand father
Reuben's father, certainly of course he
a brother, so there I am!

It has been said that Red Sol.
Reuben Bullard (1788) came to Caroline
Co. from York. I wondered if you
could scout around and see if
you can find any Bullards in
York. with the name of Reuben. That
name seems to have been in the
family for years. That was my grand
father's name Reuben Bullard who
died here in Wheeling, in 1891, but
of course that will not help any.
There are, I notice in Clayton
Tennessee Va. Wells is a list of Bullard
Wells in Isle of Wight.

Although it is only a straw to cling to.

I should like for you to look for Bullard's as being in York and Isle of Wight as early as possible. It does seem to me that these dates mentioned are much too late for my tribe. But come be sure.

I have never tried the lower Va Counties but have spent years rushing around the Northern neck!!

My Bullard's came from England and landed in Watertown Mass in 1635. Four brothers of them. namely John, William, Robert and George.

One of these brothers is a son founding the N.E. Climate too Cold came to Colonial Va. Tradition says ~~that~~ he came by way of water and landed on the Va Coast some where.

I think the name Beebe is the best clue to this Bullard family. but Robert, William & Geo are also named in my Mother's family. Possibly the enclosed from Mrs. Nequest's might be one of the New Eng. tribe

Aug 12. 1939

Dear Mrs Chapman,

I have received your card to day.
I am not in a great hurry for my
Buellases, just when you have the
time.

I am somewhat afraid it will
be another wild goose chase. but
I am willing to try.

Yes. I had the Caroline Order Book
read carefully. several years ago.
George. Stafford. being George and
other, The Caroline O.Bs. contain a
lot of names, but the Revolutionary
Pioneer d. 1788. is the only one who
seemed promising. He had a wife
Catherine - and was said to have
come from York. The O.Bs. are so vague.

Of all of my mother's people
in Virginia, the Buellases are the
only ones I have not been able to
do anything with.

We believe Tom Rebt S. Buellase
belong to our clan. but he has
not been able to find the early

men. He says his ancestor
were Seafaring people, but has
no proof at all of the truth of that.

He found a Bullard. (Bullart)
Coat of Arms in Holland during
the war, a copy of which I have,
but he hasn't been the least bit
of help. In fact I do not believe
they were Seafaring people, but I
could be mistaken! I so often am.

I believe the family did settle in
Caroline, but you know the Caroline
A.B.'s! This Reuben Bullard, of whom
I told you, who died near Bowling
Green, Caroline in 1788, had a son
Reuben, a Robert and William and
other names common in my family.
but after 1788, they all went to Ky.
and descendants went to Illinois.

Those corresponded with these
Bullards, but they cannot go back
any farther than 1788 Reuben who
came from York. They have carried
the name Reuben just as my
side has to the present day.

I do not think they could have
been a family of great prominence
or influence in Virginia. I believe

I wonder that there was a Taliaferro -
Buellan marriage. That must have
taken place in Caroline. Possibly in
York, but that's going a little beyond
tradition, even.

I forgot to give you a Buellan
Patent. I found in the Land Office
looks like that was where the
family "moved up" or "over". I wonder
if John Buckner was a relative?
Oh. I am a great guesser!

If you find nothing helpful. I
shant weep. Because disappointments
mean nothing to me. It is only
when I have a streak of luck that
I am overcome! but I recover
very rapidly.

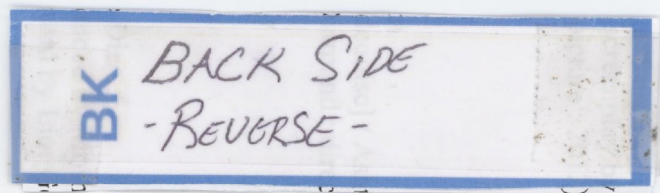

I am hoping you do find some
clues
Yours sincerely

Edna Smith Shelton.
